It's Car Show Time!

As we get close to the largest all Olds show in the east, we are all working hard to get all the road grime, burnt rubber and dead bugs cleaned off of our cars. We polish and shine and maybe start to feel a little pressure to get that last coat of wax on our beloved Oldsmobiles.

Now imagine if you will, the pressure the organizers of the car show are under. Volunteers are what runs this club and the car show. At times it seems there is significantly more work to go around than volunteers to do it. This is especially true of the car show! Yes we have people in charge of the various aspects of the show, but they can ALWAYS use your help!

One area that can always use more volunteers is judging. We have tried to make it simpler as well as easier for both the novice as well as experienced judges. New judges are always paired with more experienced. When

you judge, it doesn't take any "automotive know-how" to tell nice shiny chrome or to see if a car's glass is free of scratches or to look and see if carpeting is worn or seats are torn. Almost anyone can help judge.

With over 100 cars expected to show up, there is a lot of judging to be done. If we can put together a dozen or more judging teams, the judging can be done in about an hour. That's it!

Now, if you feel that you may not want to judge, there are plenty of other areas where we could use your help in one of the other areas such as parking, raffle and club clothing sales.

As always, help on the day of the show is not only appreciated, it's needed! So come on out and see Steve Minore or one of the other car show crew and we'll put you where needed! **RR**

It's Almost Show Time

By Bill Black

"Now is the time for all good members to come to the aid of their club." Does this phrase sound familiar? If you ever took typing in school, then you had a typing exercise which was...*Now is the time for all good men to come to the aid of their country.* It was meant as a warm up exercise to get your hands loosened up before you actually started to type. Well, the Show Booklet is starting to warm up and will be ready to go to press in three weeks or so. But the club needs your help. The tough economic times the nation is experiencing is also affecting contributions to our Show Booklet. Our initial goal was to net \$2,000 from this year's Show Booklet, but we lost a number of contributors from last year. We did, however, add a few new ads, and we appreciate it, but overall it looks like we will be several hundred dollars short of our goal.

So, if you know of any business or individual who would like to help us maintain our donation level to the Shriner's Hospital for Children, "*Now is the time for all good members to come to the aid of their club.*"

As I discussed in a previous article, you, as a NEOC member, can contribute individually by sending me a picture of your favorite Oldsmobile and have it displayed on a quarter page in the Show Booklet for just \$25. If we get ten members who want to show off their pride and joy, then we can make our Show Booklet goal. Any takers?

As to a time frame, I would like to get all the ads in by September 13th in order to lay out the booklet and get it to the printers on a timely basis. **RR**

Fall Drag Day

By Carl Dudash

From correspondence I've received there seems to be some confusion about our upcoming Sept.26 LVD track rental. Hope this clears it up.

I am still taking deposits for the rental. The roster is about 60% full right now so there's still room for you. If you want a spot, send me a \$30 deposit check made out to LVD (my address is below). Include a self-addressed stamped envelope (SASE). For those of you too young to remember when we had to send SASEs for just about everything, it is an unsealed envelope with your name, address and a stamp on it (no, I do not provide the stamp). I will put a numbered and signed LVD receipt for the track rental in your SASE and send it back to you. You must present that receipt at the track office when you sign in and pay the remaining \$40 of the rental fee.

I'll send another email when the roster is almost full to let you know when there are just a couple of spots left. Please don't wait till the last minute to send in your deposit and risk not making the roster.

See you at the track.

Peace,

Carl Dudash

Oldsmobile Nationals 2008

By Glen Morris

Well, another Oldsmobile National event is now behind us. NEOC was well represented at this great event in Dearborn Michigan. Bill Black, Nancy and I ventured out early Tuesday morning in our non-Oldsmobile. A little over 11 hours later, we arrived at the host hotel and attempted to get our bearings. Immediately we noticed a good display of signage and directions to different areas of interest.

Hey, the NEOC is listed here! Must be the right place.

Bill and I wasted no time in setting up our display now that we are in the lime light.

We were surrounded by GM historic pieces...

Nancy and I went to historic Frankenmuth Michigan the following day for shopping, eating, and being away from Oldsmobiles.

And when we returned, the faithful were still manning our table.

So after a hard day, the NEOC regrouped and decided to do what we sometimes do best... EAT and DRINK!

Of course, Mr. Babij made friends (?) with our waitress almost immediately.

No doubt we were in charge upon leaving the restaurant...

We almost jump started an OCA golf cart, or is that steal? And if that was-

n't enough, we lounged in the hotel bar upon our return.

(continued on Page 4)

2008 Nat's (cont'd)

And there were a few Oldsmobiles to be found the next day.....

El Presidente Yancy's Custom Cruiser (I had to help judge him!)

Cousin Dave

My cousin Dave was born 4 months before me way back in 1955. From the first day that we acknowledged our existence, we realized that we were mechanically connected. We had a common bond in our interest in cars and stuff that went fast. Dave always had interesting cars during our high school and later years. Some of these included a 1969 Buick GS, 1970 Firebird Formula 400, 1967 Cadillac, 1973 MGB GT, 1970 Jeep CJ5 and others that I can't remember. His Dad, my Uncle 'Bud', would measure the depth of tread on Dave's cars on a regular basis to make sure he wasn't abusing them. I'm sure that never happened?!

I had always wanted to race Dave in his '69 Buick vs. my '68 Cutlass (with peace signs, mag wheels and 4 on the floor). But Dave was more concerned about borrowing my Steve Miller 8 track to see how "Fly like and eagle" sounded in his car. Of course it sounded better on his 4 speakers vs. my front and rear speaker. Dave always had better stuff than me!

We eventually grew up...somewhat. Dave had saved his money and bought a house in Florida in the late 80's. It was there that he started his dune buggy infatuation. So, we still shared the "gear-head" mentality although vastly different.

Dave last visited from his home in Florida early in August while his Dad ("Uncle Bud"), was ill and in the hospital. Dave agreed that we needed to get together when he returned in October and "drink a lot of beers".

Dave's dune buggy of the month for March 2000

Unfortunately, Dave and I will never drink a lot of beers together. Dave passed away unexpectedly on 8/18/2008. Way too early. Life is too short. I want us to all "Fly like an Eagle into the future" as the Steve Miller song says to honor my cousin Dave. R.I.P.
